

FOOD & WATER WATCH

BY THE NUMBERS

FWW positions itself as an independent public resource on water, but in reality, the organization and its international allies push ideologically driven arguments and routinely get it wrong on water companies.

ZERO

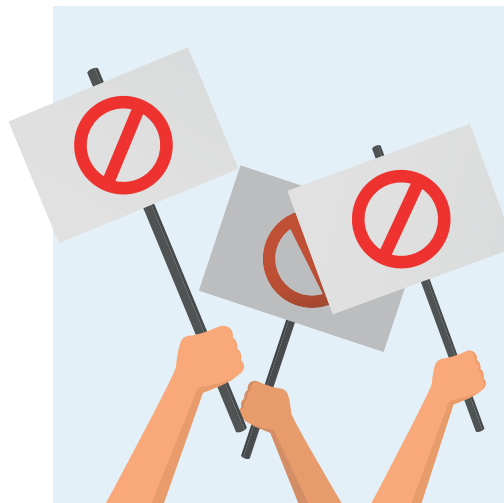

**\$21
MILLION**

**\$130
MILLION**

97%

Number of FWW employees with a water-focused post-graduate degree or professional experience in water delivery.

Amount FWW spends in one year to advance its ideologically-driven agenda; this includes hundreds of thousands on lobbying.

Amount of anonymous donations to FWW since 2011, accounting for nearly 73 percent of the group's funding.

FWW claims 169 water company contracts have been lost since 2000. In reality, 5,214 contracts were renewed, giving water companies a 97% renewal rate.
